ETOE is a smart home entertainment brand focused on bedroom and everyday living spaces. We believe technology should blend naturally into life—quiet, effortless, and enjoyable.

What We Do

Home projectors designed for daily and bedroom use

Products that prioritize low noise, soft lighting, and long-term comfort

Audio-visual devices made not only for watching, but for relaxing and unwinding

YouTube NETFLIX Disney+ prime video TikTok Apple tv+

Design Philosophy

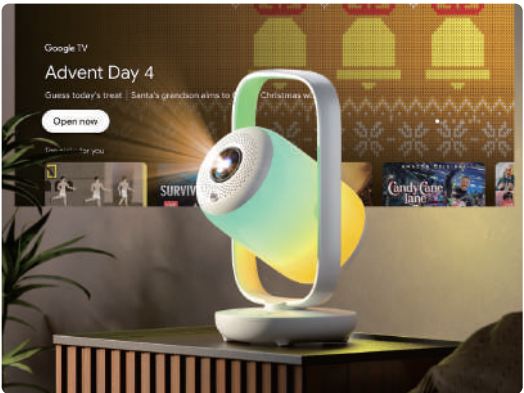

Minimal and restrained
A balance between technology and home aesthetics
Designed to be lived with, not just used

Our Vision

ETOE is more than a projector brand.
We create companion products that make life easier to enjoy.
